

## POP UP 56° 4000K NT

Pop Up is one of the smallest recessed spotlights in the world. It combines its small format with formal minimalism to achieve the perfect luminaire for projects that require the least possible space invasion. Pop Up is able to render a luminous flux that allows it to undertake accent lighting functions from the ceiling. It can be moved in practically all the degrees of freedom, as it rotates 355° and can tilt at 90° (unlike the majority of other recessables on the market). It can be easily and smoothly moved by hand.

### Brand

Arkoslight

### Designer

Rubén Saldaña

### Type

Downlight

### Electrical Characteristics

IP 20  
220V/240V  
50/60 Hz  
L80B10 (Tj=85°C)  
>60.000h  
MacAdam Step 2  
No Dim  
6,5 W

### Material

Aluminium, Polycarbonate  
9005

### Photometric Data

Beam Angle: 56° W  
Efficiency: 86%  
CRI>90

### Dimension

159x138x86 mm  
Ø79  
Gross Weight: 446

### Light Temperature

4000k

### Colour/Finish

Textured black
